**MULTI-DIMENSIONAL**

Regardless of what device customers are viewing your inventory on, all Sister Tech products are built responsively to accomodate every user for every sell.

On top of that, all of our products upload your videos automatically to your personal website or social media of choice within seconds.

It's time to stop wasting hours and start gaining profit. Contact us today.

**ez360**

This is the future of video promotion. Our ez360 technology allows you to video record and snapshot your inventory simultaneously along with uploading to your website and all social media avenues within a matter of seconds.

Along with this you will gain access to our inventory software, where you can control what pictures are viewable live and distributed.

Contact us today.

**SPANISH VIDEO**

Si! We are the only distributor providing spanish translations on all videos uploaded.

No longer do you have to eliminate a prime target audience by a language barrier. Go ahead and get started so you can raise those sells.

Contact us today.

**VIDBRID**

The original product that started it all. Vid-Brid processes all your photos and pieces them together creating a slideshow experience with a human voice audio track to top it off.

In addition to this, you have the ability to add dealership outro graphics and marketing banners to overlay the video as it is playing.

Contact us today.

**GAIN ACCESS TO OUR FEATURES**

**INVENTORY**

Our vShoc technology allows you to not only keep track of your products being sold, but also allows you to promote and advertise via social media sites like Facebook and Twitter -- or even use it as a CRM tool.

**MAX SEO**

All of our technologies come fully equipped with SEO resources that ensure your products are promoted the best way possible, whether found through social media sites or organic searches via top preferred search engines like google, bing, and yahoo.

**SOCIAL**

Plus up your marketing and promotions by adding our 4df package which allows you to display all social media icons to your video players. No matter if viewing on youtube or facebook, allow customers to gain complete access to your entire web presence and increase your ROI.

**PRODUCTION**

Our patented technology automates the production process to render full-motion videos and not just picture slide shows. Just as well, all of our technology is fully responsive. Whether on a desktop or mobile device, customers can view your product at its best.

**TRUE VOICE**

Our proprietary and patented technology matches pre-recorded voice over narration and text overlays to deliver a video in your buyers preferred language of Spanish or English. Only available at Sister Tech.

**CARFAX**

Anticipate customers curiosity by including interactive and informative video overlays to educate viewers on vehicle's history and certification. Only available at Sister Tech.

## Product Page

- Organized and clean
- Easy to understand products
- Easy to understand features
- Laid out similar to sales pitch

Desktop / Tablet

The desktop screenshot shows the website's header with the logo and navigation links: COMPANY, PRODUCTS, CONTACT, and Client Portal. Below the header is a large banner with the text "INNOVATION STARTS HERE. CONTACT US TODAY." and a red "CONTACT" button. To the right of the banner is a glowing lightbulb icon. The main content area features a "NEED TO KNOW MORE?" section with fields for Name (John Smith), Email (smith@example.com), Product Interest (Select product dropdown), and a text area for thoughts. A "SEND" button is at the bottom. To the right of the form is a map showing the location at 4144 N. Central Expressway, Dallas, TX 75204.
